# Job Retention Scheme will continue until end of October

Furloughed workers across UK will continue to receive 80% of their current salary, up to £2,500

From the start of August, furloughed workers will be able to return to work part-time with employers being asked to pay a percentage towards the salaries of their furloughed staff.

Until the end of July there is **no change**.

The employer payments will substitute the contribution the government is currently making, ensuring that staff continue to receive 80% of their salary, up to £2,500 a month.
