

Monthly payments

We are wanting to give you more clarity on **scope** and **price** for the work we are carrying out. As well as asking you to sign our refreshed terms and conditions which are refreshed on a regular basis in line with industry regulation and changing rules.

Here are the 4 reasons you want to move to a monthly payment structure:

- 1.** Cash flow - split payments in 12 rather than one larger lump sum.
- 2.** Clarity on the fees you are paying.
- 3.** Clarity of scope on the work we are doing For you.
- 4.** Getting more value for money - instead of us spending time on credit control and chasing, we can spend this time giving you tax and business advice instead.
